RE: CORPORATE WOODS DRIVE OVERPASS AT UNION PACIFIC RAILROAD
PROJECT
PROGRESS REPORT NO. 8
S&A PROJECT NO. 109.0335.01-08

Dear Mr. Moritz:

This is the eighth progress report for the above referenced project and covers work through April 15, 2010. Work through this period includes completing the wetland delineation for the project corridor and preparing the report. Work items completed during this period included coordination with the franchise utilities and the Union Pacific Railroad.

We have received comments from the Union Pacific Railroad for the concept submittal for the overpass structure. We are currently in the process of addressing and/or incorporating these comments in the check plan set. Once the comments have been addressed, we would like to meet with you to discuss the project schedule after which we will address and/or incorporate your Preliminary Plan comments in the Check Plan set.

We look forward to continuing working for the City and you on this important project. Should you have any questions on this update, please feel free to contact me. We will be in attendance at the May 3, 2010, council meeting to answer any questions regarding this invoice.

Sincerely,

SNYDER & ASSOCIATES, INC.
